FRONTEND WEB DEVELOPER

SKILLS

- HTML
- CSS
- JAVASCRIPT
- REACT
- GIT/GITHUB
- NEXTJS
- TYPESCRIPT
- TAILWINDCSS
- REDUX
- NODEJS

WORK EXPERIENCE

TEAM LEAD AT TEAM UNIPAYS

- I led my team, UNIPAYS, at the UIREesdev hackathon and we built the UNIPAYS app.
- I built the Frontend and backend components of the UNIPAYS app by myself within in a period of 3 weeks.
- I motivated my team mates and inspired them daily to achieve our goals.

CAREER OBJECTIVE

- I look forward to learning more as I progress in my career and gaining much more experience in frontend development.
- I am also learning other technologies like Angular and Vue to improve in my development career.

CONTRIBUTIONS TO OPEN SOURCE

HACKTOBERFEST BY CODEDAMN

- I have been actively involved in contributing to open source by participating in the Hacktoberfest organized by Codedamn on Twitter.
